Perhaps the most unique feature of a betting exchange is a lay bet or lay bettin

g.

Lay betting means that you can bet for a selection to lose.

Backing a bet means that you are betting for an event to occur.

Laying a bet means that you are betting for an event not to occur.

Let’s take the example of Mumbai Indians again - if you bet Rs.

1000 for Mumbai Indians to win, then you need another player to risk their own

Rs.

People usually love the freedom of a betting exchange - because the bookmaker ca

nnot restrict you from placing any bets, as long as you have a player to bet aga

inst you!

Before we explore the benefits and drawbacks of betting exchanges in more detail

in the following sections, let’s introduce you to all the Indian betting ex

change sites!

What should you do if you receive an unsolicited SMS or call related to loans, f

inancial assistance or online gambling from an unknown source?

Do not interact in any way.

Unsolicited SMSes or calls from unknown sources that are related to loans, finan

cial assistance or online gambling are likely to be associated with unlicensed m

oneylending and illegal gambling activities.

The PDPC investigates all complaints regarding unsolicited telemarketing SMSes

or calls seriously.

However, unlicensed moneylending and illegal gambling are serious criminal offe

nces in Singapore where the Police are the relevant authority to investigate suc

h offences.

If you receive such SMSes or calls, please notify the Police directly by:

(c) providing information via I-Witness.

[Click here](#) for more information and tips on managing nuisance calls.

Apart from talking to your followers, there’s another benefit of going live

on TikTok. You can make money by starting a TikTok live stream. While it’s q

uite complicated, there are two different methods to earn revenue using TikTok l
