Bet365 RESULTS SHOW revenue was up by 2.

Regulus Partners noted that Bet365's margins in 2020-21 were "unusually high", and that in 2021-22 they came back to more typical levels.

"To a large extent, Bet365's underlying performance is far stronger than 2% revenue growth suggests, especially as evidenced by a nearly 50% increase in global active users," Regulus said.

"While the absolute results are solid, Bet365's competitive landscape is changing rapidly and 2% growth in this period implies a material loss in share," Regulus said.

"For Bet365, whether or not an impressive accumulated balance sheet of \$163.3 billion to \$163.41 billion.

As a result, the combined group made a \$163.49 billion pre-tax profit for the year.
