If both have a blackjack, it is a tie ("push").

The player starts with \$1000.

If the player wins with a blackjack, his or her bet is paid off at 3 to 2.

If the player buys insurance and the dealer does not have blackjack, the side b

et is lost.

The split hands are then played individually as follows:

An additional card is dealt to the hand.

Note: If the additional card dealt to a split hand makes a total of 21, it is no

t considered a blackjack.
